react-horizontal-scrolling-menu

1. What does this technology (library/framework/service) accomplish for you?

react-horizontal-scrolling-menu is a predefined component for React that gives a horizontal menu that can scroll right or left. By using react-horizontal-scrolling-menu, we can show all the user chatting history on the horizontal-scrolling menu.

2. How does this technology accomplish what it does?
The component takes a list of items and displays it in the horizontal menu. Beside the a list, it also takes text input to different parts of the menu such as the arrow button etc.
